Re: Status of Large Mining Permit Application, Milford Ballast Quarry, M/001/036, Beaver County, Utah

Dear Mr. Pfingsten:

This letter is to document our past telephone conversations regarding your large mining permit application. From our conversations, it is our understanding that you have not obtained a formal agreement with the railroad in order for you to initiate mining at the Milford Quarry site. Therefore, until we are notified that you have obtained that formal agreement we are suspending our review of your large mining permit application. Please notify us if any changes have occurred. If you have any questions or concerns regarding this letter, please contact me or my supervisor, Wayne Hedberg.

Sincerely,

Tom Munson
Senior Reclamation Specialist
